PROFESSIONAL SUMMARY

Video Editor, Colorist, Motion Designer, and AI Creative Artist working at Imprompt2Labs across AI-assisted cinematic production, multilingual film development, short-form performance content, and motion-led visual storytelling. Combines editorial pacing, color work, generative-AI workflows, prompt-led visual development, and client-facing content delivery.

CORE SKILLS

AI Creative Production: AI-assisted visual development, prompt engineering, image/video generation, visual consistency, character and environment continuity, creative QA, synthetic-media workflows.

Editorial & Color: Video editing, color grading, cinematic pacing, narrative assembly, short-form hooks, social-first content, review and revision workflows.

Motion & Post: Adobe After Effects, Premiere Pro, Photoshop, Illustrator, Audition, motion graphics, logo animation, VFX, Maya.

Creative Tools: ComfyUI, Higgsfield, Adobe Firefly, Midjourney, AI-assisted design workflows, generative image/video experimentation.

PROFESSIONAL EXPERIENCE

AI Creative Artist, Video Editor & Colorist | Imprompt2Labs

Hyderabad, India / Hybrid • Nov 2025 – Present

- Spearhead video-editing, color, motion-design, and AI-creative delivery across Imprompt2Labs client accounts and cinematic creative-production work.
- Created viral-performing short-form content for Realtalkwithsunny, including five Instagram reels that generated 1.43M client-reported views combined; the strongest individual reel reached 723K views.
- Led a 91-reel motivational-content programme for Realtalkwithsunny, projected at approximately 1.96M client-reported Instagram views.
- Led cross-platform content delivery for 86 YouTube uploads (approximately 129K views) and 91 Facebook uploads (approximately 546K views), based on client-provided figures and averages.
- Across Imprompt2Labs client video work, content led by Teja generated approximately 2.78M reported cross-platform views.
- Spearheaded content delivery for MS Institute of Diagnostics: 35 recruitment, lab-training, and learner-review videos with approximately 100K reported views.
- Led testimonial and review content for Sree Vaishnavi Diagnostic Centre: 18 videos with approximately 30K reported views.
- Delivered course/training video edits for Tech Job Solutions, with approximately 15K reported views.
- Lead workflows for a multilingual production intended for English, Hindi, and Telugu-language releases.
- Support prompt-led image and video generation, cinematic sequence iteration, character and environment continuity, visual refinement, editorial finishing, color work, and production-ready creative handoffs.

Video Editing Intern | Tech Job Solutions

Hyderabad, India • Aug 2025

- Edited course and training content during an internship; the completed videos generated approximately 15K reported views.
